ITEM 11. Executive and Director Compensation

Compensation Discussion and Analysis

In this Compensation Discussion and Analysis, we discuss our compensation objectives and our decisions, and the rationale behind those decisions, relating to 2015 compensation for our named executive officers. The discussion and analysis also contains statements regarding future individual and Company performance targets and goals. These targets and goals are disclosed in the limited context of our compensation programs and should not be understood to be statements of management's expectations or estimates of results or other guidance. We specifically caution investors not to apply these statements to other contexts. This discussion and analysis also explains the current compensation policies of the Company, which may change in the future in certain circumstances that the Board of Directors or the Compensation Committee considers advisable.

Our named executive officers for 2015 were:

- Thomas Leverton, Chief Executive Officer
- J. Roger Cardinale, President
- Dale R. Black, Executive Vice President and Chief Financial Officer as of November 20, 2015
- Randy G. Forsythe, Executive Vice President and Director of Operations
- Michael Hartman, Executive Vice President and Chief Marketing Officer
- Temple Weiss, Executive Vice President and Chief Financial Officer until close of business November 20, 2015

Objectives of Our Compensation Program

The objectives of our 2015 compensation program included the following:

- attract and retain executive officers and other employees, and motivate them to successfully implement our strategic plan and enhance stockholder value, through the use of both short- and long-term incentives that reward individual and Company performance;
- structure compensation based on measures intended to reward performance, which we believe creates value for our stockholders; and
- promote an ownership mentality and ensure senior management continuity among our officers and employees through the use of equity-based compensation that more closely aligns the interests of the executives with those of our stockholders.

Our ability to hire and retain executives with the requisite skills and experience to implement our strategic plan is essential to our success. The goals encompassed in our strategic plan include both improving sales and profits from our existing stores and increasing the number of Company-owned and franchise stores. We believe that if we successfully execute this strategic plan, we can enhance the Company's value by increasing our free cash flow over the long-term through increased earnings and carefully managing capital expenditures.

We believe that our success in recruitment and retention of executives is dependent upon our ability to offer a work environment in which our executives can find attractive career challenges and opportunities. We also understand that our executives have a choice regarding where they pursue their careers, and that the compensation we offer plays a significant role in their decision to work for the Company.

What Our Compensation Program Is Designed to Reward

Our executive compensation program during 2015 was designed to reward strong financial performance of the Company that results from quality execution of our strategic plan on both a short-term and long-term basis. In addition, we wanted to reinforce those core values that we believed help us achieve our strategic goals, including teamwork, integrity, and the importance we place on each individual.

Elements of Our Compensation Program and Why We Pay Each Element

Our 2015 compensation program consisted primarily of three elements: base salaries, annual cash bonuses and long-term equity-based incentive compensation.

- Base Salaries. We pay base salary to recognize each executive officer's unique value and historical contributions to the Company's success. In establishing base salaries, the Compensation Committee considered salary norms in the industry and the general marketplace, base salaries offered by companies with which we compete for executive talent, experience in the role (either here or at one or more other companies), and the executive's position and level of responsibility.
- Annual Cash Bonuses. We included cash bonuses as part of our compensation program because we believe that this element of compensation helps to motivate and focus executive officers to achieve key corporate objectives by rewarding the achievement of these objectives. We also believe that such bonuses are necessary as part of a competitive total remuneration package.
- Long-Term Equity-Based Incentive Compensation. Long-term equity-based incentive compensation is an element of our compensation policy because we believe that it aligns executive officers' interests with the interests of the Company's stockholders, rewards long-term performance, is required in order for us to be competitive from a total remuneration standpoint, encourages executive retention and provides executives the opportunity to share in the long-term performance of the Company.

Prior to the Merger, we typically granted restricted stock with a four-year ratable vesting schedule. Since the Merger, with one exception described below, the Company discontinued its practice of granting equity-based awards denominated in common stock of the Company. As described below, certain of our executive officers have received restricted stock and/or option awards relating to common stock of Queso Holdings Inc. ("Holdings"), the Company's parent.

How We Determined the Amount and Material Terms of Each Element of Compensation

During 2014, when the compensation was set for each of the Company's named executive officers, except for Mr. Black and Mr. Hartman (who commenced their employment in 2015), the Board of Directors oversaw the Company's compensation programs. Beginning in the first quarter of 2015, the Board of Directors delegated this oversight to the Compensation Committee of our Board of Directors. The Board of Directors (in 2014) and Compensation Committee (as of 2015) set the compensation of each of the Company's new and continuing executives by reviewing factors such as market compensation levels, levels of prior achievement and experience, compensation programs of companies in similar industries, and with respect to certain components of compensation, an arm's-length negotiation with each executive.

Base Salary

The annual base salary rates of Mr. Leverton, Mr. Cardinale, Mr. Forsythe, and Mr. Weiss were set in 2014 and continued in 2015 at \$550,000 (for Mr. Leverton), \$485,000 (for Mr. Cardinale), \$315,000 (for Mr. Forsythe), \$325,000 (for Mr. Weiss), and \$280,000 (for Mr. Hartman). When Mr. Black joined the Company in November 2015, his annual base salary rate was set at \$400,000.

Cash Bonuses

During 2015, each of our named executive officers was eligible to earn a cash bonus in respect of individual and corporate performance achievements, pursuant to the Company's Incentive Bonus Plan, in accordance with the terms of their employment agreements with the Company. In addition, the Compensation Committee had the ability to award cash bonuses on a discretionary basis.

Eligibility Pursuant to Employment Agreements

Employment agreements entered into by each executive provided for each of them to receive a maximum annual bonus equal to a specified percentage of the executive's respective annual base salary, subject to the achievement of qualitative and quantitative performance goals set by the Board (which goals formed the basis of the Incentive Bonus Plan described below). Messrs. Leverton, Cardinale, Black, and Forsythe each have a bonus target equal to 100% of base salary and a maximum bonus equal to 150% of base salary (as did Mr. Weiss, before his departure). Mr. Hartman's employment agreement sets a bonus target of 75% of his base salary and a maximum bonus of 112.5% of his base salary.

Incentive Bonus Plan

For 2015, the Compensation Committee determined that growth in comparable store sales, revenues, free cash flow, and Pro Forma Adjusted EBITDA ("adjusted EBITDA") were appropriate quantitative measures of Company performance for purposes of determining the incentive compensation to be awarded under the Incentive Bonus Plan. The Compensation Committee also determined that the Incentive Bonus Plan should have a discretionary component to reward individual performance. In no event would a cash bonus be paid under the 2015 Incentive Bonus Plan with respect to any given performance measure unless certain minimum targets for the fiscal year as predetermined by the Compensation Committee were attained.

For 2015, the actual bonus earned by an eligible employee is equal to the employee's gross base earnings for the year, multiplied by his or her target bonus percentage, multiplied by the sum of the multipliers for each of the following five measurable components of the 2015 Incentive Bonus Plan: (i) adjusted EBITDA, (ii) free cash flow, (iii) comparable store sales growth, (iv) Company revenues, and (v) a discretionary portion. These five components were weighted as follows:

Metric	Total Bonus %
Adjusted EBITDA	40%
Free Cash Flow ⁽¹⁾	20%
Comparable Store Sales Growth	10%
Revenues	10%
Discretionary	20%
Total	100%

⁽¹⁾ Free Cash Flow represents Adjusted EBITDA less capital expenditures.

For 2015, the Compensation Committee set the target, minimum, and maximum levels for payout eligibility under each of the quantitative components of the Incentive Bonus Plan as follows:

Metric	Target	Minimum	Maximum
	(in \$ millions, except percentages)		
Adjusted EBITDA	\$225.3	\$209.3	\$234.3
Free Cash Flow ⁽¹⁾	\$130.2	\$121.0	\$135.4
Comparable Store Sales	3.3%	0.6%	5.5%
Revenues	\$938.1	\$903.3	\$955.0

⁽¹⁾ Free Cash Flow represents Adjusted EBITDA less capital expenditures.

The Compensation Committee believes that the metrics listed above were appropriate measures of Company performance for 2015 and established the 2015 targets after taking into consideration the Company's prior year performance, the continuing difficult economic environment and continuing pressures on consumer discretionary spending. The Compensation Committee established what it considered to be ambitious, yet achievable goals, and determined that the targets - as well as minimum and maximum growth levels - established the appropriate short-term incentive for the named executive officers and other eligible employees.

For purposes of the 2015 Incentive Bonus Plan, gross base earnings equaled the total amount of gross salary paid to the executive as salary during fiscal year 2015. The gross base earnings amount accounts for executives who were not employed by the Company during the entire year; the bonus of such executives is calculated on a prorated basis, based on the amount of salary actually earned by the executive during the year.

Actual Company performance on each of the four quantitative measures considered for determination of payment eligibility in the 2015 Incentive Bonus Plan was as follows:

Metric	2015 Actuals	
	Growth	Metric
		(\$ in millions)
Adjusted EBITDA	1.0%	\$209.5
Free Cash Flow	2.2%	\$132.2
Comparable Store Sales	—%	\$—
Revenues	1.3%	\$897.9

Actual Company performance within the Comparable Store Sales and Revenues measurements did not meet the minimum growth thresholds set forth in the Incentive Bonus Plan, so these components of the plan did not contribute to the total bonus payout calculation. The Company's 1.0% growth of Adjusted EBITDA represented 11.7% of the Plan's growth target for Adjusted EBITDA of \$225.3 million, and since this metric represented 40% of the total bonus available under the Plan, the actual payout for

Adjusted EBITDA was 4.7% of eligible employees' target bonus (11.7% x 40% = 4.7%). Similarly, the Company's 2.2% growth of Free Cash Flow was 119.1% of the growth target for that component under the Plan. This measure could contribute up to 20% of the total bonus available under the Plan, so payout for the Free Cash Flow component of the Plan was 23.8% of eligible employees' target bonus (119.1% x 20% = 23.8%).

The Incentive Bonus Plan also provides that each employee may be awarded a discretionary bonus of up to 20% of the total target bonus percentage. The percentage of the discretionary bonus component awarded to an employee is decided by the employee's direct supervisor, whose decision is to be guided by the employee's individual performance during the year, measured by the employee's achievement of his or her goals that were established in coordination with the supervisor at the beginning of the employee's review period. The discretionary component of the Incentive Bonus Plan cannot be achieved above 100% of target, and many employees were awarded less than 100% of the discretionary portion of the bonus.

Assuming a 100% award of the discretionary portion of the bonus, the maximum payout that an eligible employee could receive would be 48.5% of the employee's target bonus (4.7% + 23.8% + 20% = 48.5%).

These calculations are set forth in the following table:

Metric	% Weighting	2015 Payout	
		Bonus as a % of Target	% of Target Bonus
Adjusted EBITDA	40%	11.7%	4.7%
Free Cash Flow	20%	119.1%	23.8%
Comparable Store Sales	10%	—%	—%
Revenue	10%	—%	—%
Discretionary	20%	100.0%	20.0%
Total	100%		48.5%

Based on these calculations, our named executive officers received the following bonuses for 2015 under the Incentive Bonus Plan:

Name and Position	Incentive Bonus Plan Payment
Tom Leverton, Chief Executive Officer	\$266,750
J. Roger Cardinale, President	\$225,525
Dale R. Black, Executive Vice President and Chief Financial Officer	\$14,923
Randy Forsythe, Executive Vice President and Director of Operations	\$140,175
Michael Hartman, Executive Vice President and Chief Marketing Officer	\$93,566
Temple Weiss, Former Executive Vice President and Chief Financial Officer ⁽¹⁾	—

⁽¹⁾ As Mr. Weiss's employment with the Company terminated as of December 4, 2015, he was not eligible to receive a payment under the Incentive Bonus Plan for 2015.

Supplemental Discretionary Bonuses

During 2015, the Compensation Committee, in its discretion and based on the collective business judgment of its members, also had the authority to choose to award a bonus other than pursuant to the Incentive Bonus Plan, and decide on the actual level of the award in light of all relevant factors during or after completion of the fiscal year. No supplementary discretionary bonuses were paid to our named executive officers in respect of 2015 performance.

Long-Term Equity-Based Incentives

No restricted stock was granted to our named executive officers in 2015. In connection with Mr. Black's employment he was granted stock options, as further described below.

Benefits

During 2015, we provided to our named executive officers certain Company benefits, or perquisites, that we believed were standard in the industry. We provided a group medical and dental insurance program for these executives and their qualified

dependents, group life insurance for the executives and their spouses, accidental death and dismemberment coverage and a Company-sponsored cafeteria plan. A major portion of these benefits was paid for by the Company. Employee life insurance amounts surpassing the Internal Revenue Service maximum were treated as additional compensation to all employees. The named executive officers participated in a separate medical, dental and life insurance benefits program under which the premiums were fully-funded by the Company. We paid all administrative costs to maintain the medical and dental benefit plans. Certain of our executive officers were also entitled to certain benefits that were not otherwise available to all of our employees, including car allowances and subsidized annual physical exams.

How Elements of Our Compensation Program Are Related to Each Other

We view the various components of 2015 compensation as related but distinct, and emphasize “pay for performance” with cash bonuses and equity awards as a significant portion of total compensation, reflecting a risk aspect that is tied to long-term and short-term financial and strategic goals. We determined the appropriate level for each compensation component based in part, but not exclusively, on our view of internal equity and consistency, retention of executive officers and other considerations we deem relevant, such as rewarding extraordinary performance and the other factors discussed above. Our Compensation Committee did not have any formal or informal policies or guidelines during 2015 for allocating compensation between long-term and currently paid out compensation, between cash and non-cash compensation, or among different forms of non-cash compensation. Although the Compensation Committee considers equity awards to be a significant and meaningful portion of executive compensation, it is not the practice of the Committee to make annual grants of equity; rather, the Committee awards equity on the employment of the executive and thereafter at the Committee’s discretion.

Role of Executive Officers in Compensation Decisions

During 2015, Messrs. Leverton and Cardinale and other executive officers provided information and helped explain data relating to compensation matters under consideration by the Board. Executive officers, however, did not participate in deliberations or determinations of their respective compensation or during executive sessions. In addition, Mr. Leverton submitted recommendations to the Board regarding certain elements of the compensation for the other named executive officers. All decisions regarding the compensation of executive officers were ultimately made solely by the Compensation Committee, which considered these recommendations and exercised its discretion to modify certain recommended adjustments or awards based on a number of factors considered by the Committee, as described above. The Compensation Committee’s determinations regarding compensation for the other named executive officers were generally consistent with the recommendations of management.

Stock Ownership Guidelines

Since the Merger, the Board has required that executive officers invest in appropriate amounts of Holdings common stock to align their interests with those of the Company’s stockholders. Rather than requiring investment in a specific number of shares, the Board has negotiated with each officer a cash amount that such officer should invest in Holdings, with such cash to be used to purchase common stock in Holdings at a valuation equal to fair market value of the common stock, without discount for lack of marketability or other factors commonly associated with privately held stock. Based on this requirement, and as set forth in the section below titled “Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards in Fiscal 2015 Table,” the named executive officers paid the following amounts to purchase Holdings common stock during 2014 and 2015:

	2015	2014
Thomas Leverton	\$ —	\$ 500,000
J. Roger Cardinale	\$ —	\$ 1,500,000
Dale R. Black	\$ 350,000	\$ —
Randy G. Forsythe	\$ —	\$ 750,000
Michael Hartman	\$ 250,000	\$ —
Temple Weiss	\$ —	\$ 100,000

Termination Payments Provided for Mr. Weiss

Mr. Weiss’s employment agreement with the Company provided for certain severance payments to be made to him on the termination of his employment with the Company, assuming certain other criteria were also met. The Board of Directors and Compensation Committee believed that such benefits, which aligned with the severance benefits provided for in the Company’s employment agreements with its other named executives, were fair and appropriate to provide an appropriate incentive for Mr. Weiss to enter his employment agreement with the Company. See “Termination Payment to Mr. Weiss” for more information on the severance payments to Mr. Weiss in connection with the termination of his employment effective in December 2015.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards in Fiscal 2015 Table

Employment Agreements with Named Executive Officers

On July 30, 2014, the Company entered into employment agreements with Messrs. Leverton, Cardinale, and Forsythe, and on October 9, 2014, the Company entered into an employment agreement with Mr. Weiss. On December 17, 2014, the Company entered into an employment agreement with Mr. Hartman, and on November 20, 2015, the Company entered into an employment agreement with Mr. Black. Each of these agreements contains substantially similar terms and conditions of employment. The employment agreements provide for an annual base salary of \$550,000 for Mr. Leverton, \$485,000 for Mr. Cardinale, \$325,000 for Mr. Weiss, \$315,000 for Mr. Forsythe (as of January 1, 2015), \$280,000 for Mr. Hartman, and \$400,000 for Mr. Black. Mr. Hartman's employment agreement provides for a maximum annual bonus opportunity equal to 112.5% of his base salary; the agreements applicable to the remaining named executives provide for maximum annual bonus opportunities equal to 150% of their respective base salaries. Finally, all the named executives were entitled by their employment agreements to receive employee benefits provided to senior executives of the Company.

Under each employment agreement, if the executive is terminated by the Company without "cause," or, as to all the executives except Mr. Hartman, he resigns for "good reason" (each as defined in the agreement), then, subject to his execution, delivery, and non-revocation of a release of claims in favor of the Company, he will be entitled to receive cash severance benefits equal to the sum of his base salary and the annual bonus paid or to be paid with respect to the fiscal year completed most recently prior to the employment termination date. Each employment agreement also provides for certain restrictive covenants, including 12-month post-termination noncompetition and nonsolicitation covenants.

The employment agreements also (a) required each executive to purchase common stock in Holdings having an aggregate value as of the date of purchase equal to \$1,500,000, in the case of Mr. Cardinale; \$750,000, in the case of Mr. Forsythe; \$500,000, in the case of Mr. Leverton; \$100,000, in the case of Mr. Weiss; \$350,000, in the case of Mr. Black; and \$250,000, in the case of Mr. Hartman; (b) provided for a one-time grant of options to purchase 1.50% (580,875 shares), in the case of Mr. Leverton; 1.00% (387,249 shares), in the case of Mr. Cardinale; 0.519% (200,982 shares) in the case of Mr. Weiss; 0.50% (193,626 shares), in the case of Mr. Forsythe; 0.545% (211,146 shares), in the case of Mr. Black; and 0.3% (116,175 shares), in the case of Mr. Hartman, of the common stock of Holdings on a fully diluted basis under the Queso Holdings Inc. 2014 Equity Incentive Plan, and (c) for Mr. Leverton only, provided for a one-time restricted stock award having an aggregate grant date value equal to \$550,000, prorated for the number of days he served during 2014 (which reduced, dollar-for-dollar, his annual bonus for 2014). Each of Messrs. Leverton, Cardinale, Weiss, and Forsythe purchased Holdings common stock and was granted options to purchase Holdings common stock on August 21, 2014. Mr. Hartman purchased Holdings common stock in two transactions: the first purchase, on February 19, 2015, was in the amount of \$100,000; and the second, on September 18, 2015, was in the amount of \$150,000. Mr. Hartman was granted options to purchase Holdings common stock on February 19,

2015. Mr. Black purchased Holdings common stock and was granted options to purchase Holdings common stock on December 7, 2015.

Mr. Weiss's employment agreement with the Company provided that he would also invest 100% of the after-tax portion of any bonus he received in respect of the 2014 fiscal year in common stock in Holdings. Pursuant to this provision, Mr. Weiss purchased 1,547 shares of common stock in Holdings, holding an aggregate value of \$18,455.71, on March 24, 2015.

The executives' options are subject to certain service- and performance-based vesting criteria, and also to accelerated vesting in the event of certain terminations of employment within a specified period following a sale of the Company. (See "Potential Payments Upon Termination or Change in Control: Accelerated Vesting of Stock Options," below.) Pursuant to his employment agreement with the Company, Mr. Leverton's restricted stock award vested on March 10, 2015. In connection with the purchase of Holdings shares and the grant of options, each executive became a party to an investor rights agreement among Holdings, AP VIII Queso Holdings, L.P., and other shareholder parties. The shares purchased by the executive or received by the executive upon exercise of a vested option are subject to repurchase by Holdings under certain circumstances.

Indemnification Agreements

The Board of Directors has authorized the Company to enter into indemnification agreements with certain current and future directors and senior officers of the Company who may be designated from time to time by the Board. The indemnification agreements supplement and clarify existing indemnification provisions of the Company's Articles of Incorporation and Bylaws and, in general, require the Company, to the extent permitted under applicable law, to indemnify such persons against all expenses, judgments and fines incurred in connection with the defense or settlement of any actions brought against them by reason of the fact that they are or were directors or officers of the Company or any other enterprise to the extent they assumed those responsibilities at the direction of the Company. The indemnification agreements also establish processes and procedures for indemnification claims, advancement of expenses and costs and other determinations with respect to indemnification.

Under the Queso Holdings Inc. 2014 Equity Incentive Plan Stock Option Agreement" (the "Option Agreement"), which each of the named executive officers signed as a condition of receiving option grants from Holdings, each of the named executive officers was awarded three tranches of stock options. Tranche A Options vest and become exercisable in equal installments on each of the first five anniversaries of February 14, 2014 (or in the case of Mr. Black, of February 14, 2016). Tranche B and C Options vest and become exercisable if the Company's investment value meets certain thresholds identified in the agreement, provided that the employee is employed by the Company or an affiliate on the applicable vesting date. As of January 3, 2016, one-fifth of the Tranche A options held by all of the named executive officers, except for Mr. Black, had vested and become exercisable, but none of the Tranche B and C options had vested.

Stock Vested at 2015 Fiscal Year End

The following table provides information on stock vested by our named executive officers as of January 3, 2016, the last day of our 2015 fiscal year. See "Compensation Discussion and Analysis" for additional information about restricted stock grants.

Nonqualified Deferred Compensation

The Company had no unsecured, unfunded obligations to make payments of deferred compensation to any of the named executives officers in 2015.

Potential Payments Upon Termination or Change in Control

Severance Benefits

As described above, the employment agreements with each of Messrs. Leverton, Cardinale, Black, Forsythe, Hartman, and Weiss provide for severance benefits upon a termination by the Company without “cause” or (as to all of these executives except for Mr. Hartman) upon a resignation with “good reason,” in either case consisting of a lump-sum payment equal to the sum of one year of base salary plus the annual bonus paid to the executive in respect of the most recently completed fiscal year. “Good reason” is defined as the occurrence of any of the following: (i) any reduction in base salary (or in the case of Mr. Leverton, reduction in base salary or maximum bonus opportunity), (ii) any material breach by the Company of the executive’s employment agreement, and (iii) a forced relocation of more than 50 miles from the executive’s principal place of employment. In any event, the right to receive any such severance is conditioned upon delivery of a comprehensive release of claims against the Company.

Accelerated Vesting of Stock Options; Option to Repurchase Stock

Under the Option Agreement, any Tranche A options that have not vested at the time of a termination for any reason other than a change in control will be canceled for no consideration. In the event of a change in control, however, any unvested Tranche A options will vest and become exercisable on the first anniversary of the change in control, as long as the executive holding the options is still employed at that time. If the options holder is terminated without “cause” (as that term is defined by the Option Agreement) before the first anniversary of the change in control, however, the Tranche A options shall automatically become vested and exercisable as of the date of such termination. Any unvested Tranche B and C options as of the date of a change in control are to be canceled as of that date pursuant to the Option Agreement. The Option Agreement provides further that, in the event of an initial public offering, the original options vesting schedule shall hold, except that Tranche B and C options may vest ahead of schedule if the applicable vesting requirements are achieved in the initial public offering and if the options holder remains employed through such accelerated vesting date. In the event that the options holder terminates for any reason other than “cause” and independent of a change in control or initial public offering, all unvested options will be canceled for no consideration, but vested options may be exercised for a defined period after the termination. A termination for “cause” will result in termination of all options, including those that have vested.

Each of Messrs. Leverton, Cardinale, Black, Forsythe, Hartman, and Weiss also signed an “Investor Rights Agreement” as a condition of purchasing common stock of Holdings pursuant to his employment agreement. That agreement provides that Holdings or its designee may repurchase such stock from the officer in the event of termination of his employment prior to a public offering of Holdings. If the executive’s termination is for any reason other than (i) by the Company for “cause” (as that term is defined in the Investor Rights Agreement), or (ii) a voluntary resignation by the executive, then the price that the Company or its designee will pay for the stock will be the fair market value of the stock as of the termination date. If the termination is by the Company for “cause,” or by the executive for any reason, the price to be paid will be the lesser of the fair market value of the stock as of the termination date and the amount originally paid by the shareholder to acquire the shares, less any amount per share of any dividends or other distributions paid or payable to the shareholder since share purchase. Following the same framework, the Option Agreement allows the Company the same right (but not obligation) to repurchase any shares of common stock acquired by the named executive officers through option exercise.

As of January 3, 2016, 20% of the Tranche A stock options granted to the named executives (except for Mr. Black) had vested, so in the event of their termination as of that date for any reason (other than a termination for cause) and absent a change in control, these vested options would be available for exercise. Under the Option Agreement, such options remain exercisable as follows: (a) in the event of death or disability of the executive, by the earlier of (1) one year following such termination and (2) the expiration of the option term; and (b) for all other terminations, by the earlier of (1) 90 days following such termination or (2) the expiration of the option term. On March 3, 2016, Mr. Weiss exercised his vested options.

If any of the named executives’ employment had been terminated by the Company without cause as of January 3, 2016, in connection with a change in control, the executive’s Tranche A options would have vested in full.

In summary, therefore, assuming a severance-eligible termination as of January 3, 2016, each of the named executives would have been entitled to the following:

Termination Payments under Temple Weiss's Employment Agreement

Under the terms of his employment agreement, in the event of a voluntary termination of employment that met certain requirements defined in the agreement, Mr. Weiss became entitled to receive a lump sum payment consisting of the total of a lump sum amount equal to one times the sum of (a) his annual base salary as in effect as of the date of separation and (b) the annual incentive bonus paid or to be paid with respect to the most recently completed fiscal year prior to the date of separation.

Pursuant to his employment agreement, in connection with the termination of his employment in 2015, Mr. Weiss became entitled to the cash severance benefits described above. As a result, the Company paid Mr. Weiss the total amount of \$352,415, consisting of the sum of his annual base salary as of the date of his separation (\$325,000) and the annual incentive bonus paid to him with respect to fiscal year 2014 (\$27,415).

DIRECTOR COMPENSATION

We compensate Alan Weiss for his services on the Board with an annual retainer fee of \$100,000.

All other members of our board of directors receive no compensation.

We reimburse our directors for travel expenses to our board meetings and other out-of-pocket expenses they incur when attending meetings or conducting their duties as directors of our company.

The following table sets forth information concerning compensation to each non-employee director of the Company during fiscal 2015:

(2) Messrs. Milken and Flesh are employees of Apollo and are not awarded any compensation for their Board of Directors and committee service. The Company is only compensating Mr. Weiss, the sole independent director of the Board of Directors, for his Board of Directors and committee service.

(3) Mr. Chambers, who resigned as a director effective February 25, 2016, was an employee of Apollo through the date of his resignation and was therefore not awarded any compensation for his Board of Directors and committee service.

(4) This column reports the amount of cash compensation earned in 2015 for Board of Directors and committee service.

(5) This column represents the grant date fair value of restricted stock awarded under the Company's Second Amended and Restated Non-Employee Directors Restricted Stock Plan computed in accordance with GAAP, which is calculated by multiplying the number of shares of restricted stock awarded by the closing market price of our Common Stock on the date of grant.

(6) This column represents the fair value of stock options given to Directors in 2015.
