NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

1. Description of Business and Summary of Significant Accounting Policies:

Description of Business

The use of the terms “CEC Entertainment,” the “Company,” “we,” “us” and “our” throughout these unaudited notes to the interim Consolidated Financial Statements refer to CEC Entertainment, Inc. and its subsidiaries.

We currently operate and franchise Chuck E. Cheese’s and Peter Piper Pizza family dining and entertainment centers (also referred to as “stores”) in a total of 47 states and 12 foreign countries and territories. Our stores provide our guests with a variety of family entertainment and dining alternatives. All of our stores utilize a consistent restaurant-entertainment format that features both family dining and entertainment areas with the same general mix of food, beverages, entertainment and merchandise. The economic characteristics, products and services, preparation processes, distribution methods and types of customers are substantially similar for each of our stores. Therefore, we aggregate each store’s operating performance into one reportable segment for financial reporting purposes.

Basis of Presentation

The Company has a controlling financial interest in International Association of CEC Entertainment, Inc. (the “Association”), a VIE. The Association primarily administers the collection and disbursement of funds (the “Association Funds”) used for advertising, entertainment and media programs that benefit both us and our Chuck E. Cheese’s franchisees. We and our franchisees are required to contribute a percentage of gross sales to these funds and could be required to make additional contributions to fund any deficits that may be incurred by the Association. We include the Association in our Consolidated Financial Statements, as we concluded that we are the primary beneficiary of its variable interests because we (a) have the power to direct the majority of its significant operating activities; (b) provide it unsecured lines of credit; and (c) own the majority of the stores that benefit from the Association’s advertising, entertainment and media expenditures. The assets, liabilities and operating results of the Association are not material to our Consolidated Financial Statements.

Because the Association Funds are required to be segregated and used for specified purposes, we do not reflect franchisee contributions to the Association Funds as revenue, but rather record franchisee contributions as an offset to reported advertising expenses. Our contributions to the Association Funds are eliminated in consolidation. Contributions to the advertising, entertainment and media funds from our franchisees were \$0.6 million for both the three months ended April 3, 2016 and March 29, 2015. Cash balances held by the Association are restricted for use in our advertising, entertainment and media programs, and are recorded as “Restricted cash” on our Consolidated Balance Sheets at April 3, 2016.

The preparation of these unaudited Consolidated Financial Statements in conformity with accounting principles generally accepted in the United States (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of our unaudited Consolidated Financial Statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Interim Financial Statements

The accompanying Consolidated Financial Statements as of April 3, 2016 and for the three months ended April 3, 2016 and March 29, 2015 are unaudited and are presented in accordance with the requirements for quarterly reports on Form 10-Q and, consequently, do not include all of the information and footnote disclosures required by GAAP. In the opinion of management, the Consolidated Financial Statements include all adjustments (consisting solely of normal recurring adjustments) necessary for the fair statement of its consolidated results of operations, financial position and cash flows as of the dates and for the periods presented in accordance with GAAP and the rules and regulations of the United States Securities and Exchange Commission (the “SEC”). Our Consolidated Financial Statements include all necessary reclassification adjustments to conform prior year results to the current period presentation.

We reclassified \$0.9 million of litigation costs related to the Merger (as defined in Note 7. “Commitments and Contingencies”) in our Consolidated Statement of Earnings for the three months ended March 29, 2015 from “General and administrative expenses” to “Transaction, severance and litigation related costs” to conform to the current period’s presentation.

Consolidated results of operations for interim periods are not necessarily indicative of results for the full year. The unaudited Consolidated Financial Statements should be read in conjunction with the Consolidated Financial Statements and

related notes included in our Annual Report on Form 10-K for the fiscal year ended January 3, 2016, filed with the SEC on March 2, 2016.

Recently Issued Accounting Guidance

Accounting Guidance Not Yet Adopted:

In March 2016, The FASB issued ASU 2016-04, *Liabilities - Extinguishments of Liabilities (Subtopic 405-20)*. This amendment provides a narrow scope exception to *Liabilities - Extinguishment of Liabilities (Subtopic 405-20)* that requires breakage for those liabilities to be accounted for in accordance with the breakage guidance in *Revenue From Contracts With Customers (Topic 606)*. There is currently no guidance in GAAP, or pending guidance, regarding the derecognition of prepaid stored-value product liabilities within the scope of the amendments in this Update. Under the new guidance, if an entity expects to be entitled to a breakage amount for a liability resulting from the sale of a prepaid stored-value product, the entity shall derecognize the amount related to the expected breakage in proportion to the pattern of rights expected to be exercised by the product holder only to the extent that it is probable that a significant reversal of the recognized breakage amount will not subsequently occur. If an entity does not expect to be entitled to a breakage amount for a prepaid stored-value product, the entity shall derecognize the amount related to the breakage when the likelihood of the product holder exercising its remaining rights becomes remote. This change to an entity's estimated breakage amount shall be accounted for as a change in accounting estimate. The amendments in this Update are effective for public business entities for financial statements issued for fiscal years beginning after December 15, 2017. Early adoption is permitted, including adoption in an interim period. We are currently assessing the impact of adopting this new guidance on our Consolidated Financial Statements.

In March 2016, the FASB issued ASU 2016-09, *Compensation - Stock Compensation (Topic 718)*. This amendment will require that (i) all excess tax benefits and deficiencies (including tax benefits of dividends on share-based payment awards) should be recognized as income tax expense or benefit on the income statement, (ii) the tax effects of exercised or vested awards should now be treated as discrete items in the reporting period in which they occur, and (iii) an entity should recognize excess tax benefits regardless of whether the benefit reduces taxes payable in the current period or not. On the statement of cash flows excess tax benefits should be classified along with other income tax cash flows as an operating activity. This amendment allows an entity to make an entity-wide accounting policy election to either estimate the number of awards that are expected to vest (current GAAP) or account for forfeitures when they occur. The threshold for an award to qualify for equity classification permits withholding up to the maximum statutory tax rate in applicable jurisdictions, and the cash paid by an employer when directly withholding shares for tax-withholding purposes should be classified as a financing activity on the statement of cash flows. Nonpublic entities can make an accounting policy election to apply a practical expedient to estimate the expected term for all awards with performance or service conditions that meet certain conditions. For public entities, the amendments in this Update are effective for annual periods beginning after December 15, 2016 and interim periods within those annual periods. We are currently assessing the impact of adopting this new guidance on our Consolidated Financial Statements.

2. Property and Equipment:

Total depreciation and amortization expense was \$29.0 million and \$30.4 million for the three months ended April 3, 2016 and March 29, 2015, respectively, of which \$1.4 million and \$1.0 million, respectively, was included in "General and administrative expenses" in our Consolidated Statements of Earnings. Total depreciation and amortization expense for both the three months ended April 3, 2016 and March 29, 2015, includes approximately \$0.5 million related to the amortization of franchise agreements (see Note 3. "Intangible Assets, Net").

Asset Impairments

There were no impairment charges recognized during the three months ended April 3, 2016 and March 29, 2015, respectively.

		<u>\$ 494,880</u>	<u>\$ (7,812)</u>	<u>\$ 487,068</u>

(1) In connection with the Merger and the acquisition of Peter Piper Pizza ("PPP"), we also recorded unfavorable lease liabilities of \$10.2 million and \$3.9 million, respectively, which are included in "Other current liabilities" and "Other noncurrent liabilities" in our Consolidated Balance Sheets. Such amounts are being amortized over a weighted average life of 10 years, and are included in "Rent expense" in our Consolidated Statements of Earnings.

Amortization expense related to favorable lease agreements was \$0.5 million for both the three months ended April 3, 2016 and March 29, 2015, and is included in "Rent expense" in our Consolidated Statements of Earnings. Amortization expense related to franchise agreements was \$0.5 million for both the three months ended April 3, 2016 and March 29, 2015, and is included in "General and administrative expenses" in our Consolidated Statements of Earnings.

Note 4. Accounts Payable:

Accounts payable consisted of the following as of the dates presented:

5. Indebtedness and Interest Expense:

Our long-term debt consisted of the following for the periods presented:

Current portion	(7,656)	(7,650)
Bank indebtedness and other long-term debt, net of deferred financing costs, less current portion	\$ 970,556	\$ 971,333

We were in compliance with the debt covenants in effect as of April 3, 2016 for both the Secured Credit Facilities and the senior notes. For further discussion regarding the debt covenants, see Secured Credit Facilities and Senior Unsecured Debt sections below.

Secured Credit Facilities

As of April 3, 2016, we had \$744.8 million (excluding the original issue discount) outstanding under the Term loan facility, no borrowings outstanding under the revolving credit facility and \$10.9 million of letters of credit issued but undrawn. The Secured Credit Facilities require scheduled quarterly payments on the term loan equal to 0.25% of the original principal amount of the Term loan from July 2014 to December 2020, with the remaining balance paid at maturity, February 14, 2021. Effective April 8, 2016, the balance of our letters of credit issued but undrawn was reduced to \$9.9 million.

The term loan was issued net of \$3.8 million of original issue discount. We also paid \$17.8 million and \$3.4 million in debt financing costs related to the term loan facility and revolving credit facility, respectively, which we capitalized in “Bank indebtedness and other long-term debt, net of deferred financing costs” on our Consolidated Balance Sheets. The original issue discount and deferred financing costs are amortized over the lives of the facilities and are included in “Interest expense” on our Consolidated Statements of Earnings.

Borrowings under the Secured Credit Facilities bear interest at a rate equal to, at our option, either (a) a London Interbank Offered Rate (“LIBOR”) determined by reference to the costs of funds for Eurodollar deposits for the interest period relevant to such borrowings, adjusted for certain additional costs, subject to a 1.00% floor in the case of term loans or (b) a base rate determined by reference to the highest of (i) the federal funds effective rate plus 0.50%; (ii) the prime rate of Deutsche Bank AG New York Branch; and (iii) the one-month adjusted LIBOR plus 1.00%, in each case plus an applicable margin. Effective March 4, 2016, the applicable margin for borrowings under the term loan facility stepped down from 3.25% to 3.00%, the applicable margin for borrowings under the revolving credit facility stepped down from 3.25% to 3.00%, and the applicable unused commitment fee rate stepped down from 0.5% to 0.375% based on our first lien senior secured leverage ratio. During the three months ended April 3, 2016, the federal funds rate ranged from 0.25% to 0.38%, the prime rate was 3.25% and the one-month LIBOR ranged from 0.42% to 0.44%.

The weighted average effective interest rate incurred on our borrowings under our Secured Credit Facilities was 4.7% and 4.6% for the three months ended April 3, 2016 and March 29, 2015, respectively, which includes amortization of debt issuance costs related to our Secured Credit Facilities, amortization of our term loan facility original issue discount and commitment and other fees related to our Secured Credit Facilities.

As of April 3, 2016, the borrowings under the revolving credit facility were less than 30% of the outstanding commitments; therefore, the springing financial maintenance covenant under our revolving credit facility was not in effect.

Senior Unsecured Debt

Our \$255.0 million aggregate principal amount borrowings of 8.000% Senior Notes due 2022 (the “senior notes”) bear interest at a rate of 8.000% per year and mature on February 15, 2022.

Our obligations under the senior notes are fully and unconditionally guaranteed, jointly and severally, by our present and future direct and indirect wholly-owned material domestic subsidiaries that guarantee our Secured Credit Facilities.

CEC ENTERTAINMENT, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)
(Unaudited)

The weighted average effective interest rate incurred on borrowings under our senior notes was 8.3% for both the three months ended April 3, 2016 and the three months ended March 29, 2015, which included amortization of debt issuance costs and other fees related to our senior notes.

The weighted average effective interest rate incurred on our combined borrowings under our Secured Credit Facilities and senior notes was 5.6% and 5.5% for the three months ended April 3, 2016, and March 29, 2015, respectively.

6. Fair Value of Financial Instruments:

The following table presents information on our financial instruments as of the periods presented:

(1) Excluding net deferred financing costs

Our financial instruments consist of cash and cash equivalents, restricted cash, accounts receivable, accounts payable, our Secured Credit Facilities and our senior notes. The carrying amount of cash and cash equivalents, accounts receivable and accounts payable approximates fair value because of their short maturities. The estimated fair value of our Secured Credit Facilities' term loan and senior notes was determined by using estimated market prices of our outstanding borrowings under our term loan facility and the senior notes, which are classified as Level 2 in the fair value hierarchy.

During the three months ended April 3, 2016 and March 29, 2015, there were no significant transfers among level 1, 2 or 3 fair value determinations.

7. Commitments and Contingencies:**Legal Proceedings**

From time to time, we are involved in various inquiries, investigations, claims, lawsuits and other legal proceedings that are incidental to the conduct of our business. These matters typically involve claims from customers, employees or other

third parties involved in operational issues common to the retail, restaurant and entertainment industries. Such matters typically represent actions with respect to contracts, intellectual property, taxation, employment, employee benefits, personal injuries and other matters. A number of such claims may exist at any given time, and there are currently a number of claims and legal proceedings pending against us.

In the opinion of our management, after consultation with legal counsel, the amount of liability with respect to claims or proceedings currently pending against us is not expected to have a material effect on our consolidated financial condition, results of operations or cash flows. All necessary loss accruals based on the probability and estimate of loss have been recorded.

Employment-Related Litigation: On January 27, 2014, former CEC employee Francesca Ford filed a purported class action lawsuit against the Company in San Francisco County Superior Court, California (the “Ford Litigation”). The plaintiff claims to represent other similarly-situated hourly non-exempt employees and former employees of the Company in California who were employed from January 27, 2010 to the present, and she alleges violations of California state wage and hour laws. In March 2014, the Company removed the Ford Litigation to the U.S. District Court for the Northern District of California, San Francisco Division, and subsequently defeated the plaintiff’s motion to remand the case to California state court. In May 2015, the parties reached an agreement to settle the lawsuit on a class-wide basis. The settlement would result in the plaintiffs’ dismissal of all claims asserted in the action, as well as certain related but unasserted claims, and grant of complete releases, in exchange for the Company’s settlement payment. On March 24, 2016, the Court issued an order granting preliminary approval of the class settlement and setting a final approval hearing regarding the settlement for August 2016. The settlement of this action will not have a material adverse effect on our results of operations, financial position, liquidity or capital resources.

On October 10, 2014, former store General Manager Richard Sinohui filed a purported class action lawsuit against the Company in the Superior Court of California, Riverside County (the “Sinohui Litigation”), claiming to represent other similarly-situated current and former General Managers of the Company in California during the period October 10, 2010 to the present. The lawsuit alleges CEC wrongfully classified current and former California General Managers as exempt from overtime protections, that such General Managers worked more than 40 hours a week without overtime premium pay, paid rest periods and paid meal periods, and that the Company failed to provide accurate itemized wage statements or to pay timely wages upon separation from employment, in violation of the California Labor Code, California Business and Professions Code, and the applicable Wage Order issued by the California Industrial Welfare Commission. Additionally, the plaintiff alleged that the Company failed to reimburse General Managers for certain business expenses, including for personal cell phone usage and mileage, in violation of the California Labor Code; he also asserted a claim for civil penalties under the California Private Attorneys General Act (“PAGA”). The plaintiff seeks an unspecified amount in damages. On December 5, 2014, the Company removed the Sinohui Litigation to the U.S. District Court for the Central District of California, Southern Division. On March 16, 2016, the Court issued an order denying in part and granting in part Plaintiff’s Motion for Class Certification. Specifically, the Court denied Plaintiff’s motion to the extent that he sought to certify a class on Plaintiff’s misclassification and wage statement claims, but certified a class with respect to Plaintiff’s claims that the Company had wrongfully failed to reimburse him for cell phone expenses and/or mileage. The Sinohui Litigation is set for trial in August 2016. We believe the Company has meritorious defenses to this lawsuit and we intend to vigorously defend it. While no assurance can be given as to the ultimate outcome of this matter, we currently believe that the final resolution of this action will not have a material adverse effect on our results of operations, financial position, liquidity or capital resources.

Litigation Related to the Merger: Following the January 16, 2014 announcement that the Company had entered into a merger agreement (the “Merger Agreement”), pursuant to which an entity controlled by Apollo Global Management, LLC and its subsidiaries merged with and into CEC Entertainment Inc., with CEC Entertainment Inc. surviving the merger (the “Merger”), four putative shareholder class actions were filed in the District Court of Shawnee County, Kansas, on behalf of purported stockholders of the Company, against the Company, its directors, Apollo, Parent and Merger Sub, in connection with the Merger Agreement and the transactions contemplated thereby. These actions were consolidated into one action in March 2014.

On July 21, 2015, a consolidated class action petition was filed as the operative consolidated complaint, asserting claims against CEC and its former directors, adding The Goldman Sachs Group (“Goldman Sachs”) as a defendant, and removing all Apollo entities as defendants (“Consolidated Class Action Petition”). The Consolidated Class Action Petition alleges that the Company’s directors breached their fiduciary duties to the Company’s stockholders in connection with their consideration and approval of the Merger Agreement by, among other things, conducting a deficient sales process, agreeing to an inadequate tender price, agreeing to certain provisions in the Merger Agreement, and filing materially deficient disclosures regarding the transaction. The Consolidated Class Action Petition also alleges that two members of the Company’s board who also served as the senior managers of the Company had material conflicts of interest and that Goldman Sachs aided and abetted the board’s breaches as a result of various conflicts of interest facing the bank. The Consolidated Class Action Petition seeks,

among other things, to recover damages, attorneys' fees and costs. On March 23, 2016, the Court conducted a hearing on the defendants' Motion to Dismiss the Consolidated Class Action Petition, and the parties are currently awaiting the Court's ruling. The Court has not yet set this case for trial. The Company believes the Consolidated Class Action Petition is without merit and intends to defend it vigorously. While no assurance can be given as to the ultimate outcome of the consolidated matter, we currently believe that the final resolution of the action will not have a material adverse effect on our results of operations, financial position, liquidity or capital resources.

8. Income Taxes:

Our income tax expense consists of the following for the periods presented:

	Three Months Ended	
	April 3, 2016	March 29, 2015
	(in thousands, except %)	
Federal and state income taxes	\$ 11,263	\$ 12,174
Foreign income taxes	109	272
Income tax expense ⁽¹⁾	\$ 11,372	\$ 12,446
Effective rate	38.8%	45.8%

(1) Including foreign taxes withheld.

Our effective income tax rate of 38.8% for the three months ended April 3, 2016 differs from the statutory rate primarily due to the favorable impact of employment related federal income tax credits partially offset by the impact of non-deductible litigation costs related to the Merger. Our effective income tax rate of 45.8% for the three months ended March 29, 2015 differs from the statutory rate primarily due to the unfavorable impact of non-deductible litigation and settlement costs related to the Merger, partially offset by benefits stemming from employment related income tax credits. Our liability for uncertain tax positions (excluding interest and penalties) was \$3.4 million and \$3.3 million as of April 3, 2016 and January 3, 2016, respectively, and if recognized would decrease our provision for income taxes by \$1.3 million. Within the next twelve months, we could settle or otherwise conclude income tax audits. As such, it is reasonably possible that the liability for uncertain tax positions could decrease by as much as \$0.2 million as a result of settlements with certain taxing authorities and expiring statutes of limitations within the next twelve months.

Total accrued interest and penalties related to unrecognized tax benefits as of April 3, 2016 and January 3, 2016, was \$0.8 million and \$1.7 million, respectively. On the Consolidated Balance Sheets, we include current interest related to unrecognized tax benefits in "Accrued interest," current penalties in "Accrued expenses" and noncurrent accrued interest and penalties in "Other noncurrent liabilities."

9. Stock-Based Compensation Arrangements:

A summary of the option activity under the equity incentive plan as of April 3, 2016 and the activity for the three months ended April 3, 2016 is presented below:

	Stock Options	Weighted Average Exercise Price ⁽¹⁾	Weighted Average Remaining Contractual Term	Aggregate Intrinsic Value
		(\$ per share)		(\$ in thousands)
Outstanding stock options, January 3, 2016	2,393,084	\$8.59		
Options Granted	101,110	\$12.51		
Options Exercised	(13,399)	\$8.86		
Options Forfeited	(11,185)	\$10.91		
Outstanding stock options, April 3, 2016	<u>2,469,610</u>	\$8.78	8.14	10,141
Stock options expected to vest, April 3, 2016	<u>2,222,650</u>	\$8.78	8.14	9,127
Exercisable stock options, April 3, 2016	<u>327,726</u>	\$8.32	7.92	2,861

(1) The weighted average exercise price reflects the original grant date fair value per option as adjusted for the dividend payment made in August 2015.

As of April 3, 2016, we had \$2.9 million of total unrecognized share-based compensation expense related to unvested options, net of expected forfeitures, which is expected to be amortized over the remaining weighted-average period of 3.2 years.

The following table summarizes stock-based compensation expense and the associated tax benefit recognized in the Consolidated Financial Statements for the periods presented:

	Three Months Ended	
	April 3, 2016	March 29, 2015
	(in thousands)	
Stock-based compensation costs	\$ 168	\$ 395

Stock-based compensation expense recognized	<u>\$ 135</u>	<u>\$ 391</u>
Excess tax benefit recognized from exercise of stock-based compensation awards	<u>\$ 4</u>	<u>\$ —</u>

(1) We capitalize the portion of stock-based compensation costs related to our design, construction, facilities and legal departments that are directly attributable to our store development projects, such as the design and construction of a new store and the remodeling and expansion of our existing stores. Capitalized stock-based compensation cost attributable to our store development projects is included in "Property and equipment, net" in the Consolidated Balance Sheets.

11. Consolidating Guarantor Financial Information:

The senior notes issued by CEC Entertainment, Inc. (the "Issuer") in conjunction with the Merger are our unsecured obligations and are fully and unconditionally, jointly and severally guaranteed by all of our 100% wholly-owned U.S. subsidiaries (the "Guarantors"). Our wholly-owned foreign subsidiaries and our less-than-wholly-owned U.S. subsidiaries are not a party to the guarantees (the "Non-Guarantors"). The following schedules present the condensed consolidating financial statements of the Issuer, Guarantors and Non-Guarantors, as well as consolidated results, for the periods presented:

12. Related Party Transactions:

CEC Entertainment reimburses Apollo Management, L.P. for certain out-of-pocket expenses incurred in connection with travel and Board of Directors related expenses. Expense reimbursements by CEC Entertainment to Apollo totaled \$0.5 million for the three months ended April 3, 2016 and are included in "General and administrative expenses" in our Consolidated Statements of Earnings.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

As used in this report, the terms "CEC Entertainment," the "Company," "we," "us" and "our" refer to CEC Entertainment, Inc. and its subsidiaries.

Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") is intended to provide the readers of our Consolidated Financial Statements with a narrative from the perspective of our management on our consolidated financial condition, results of operations, liquidity and certain other factors that may affect our future results. Our MD&A should be read in conjunction with (i) our Consolidated Financial Statements and related notes included in Part I, Item 1. "Financial Statements" of this Periodic Report and (ii) Part II, Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations" and Part II, Item 8. "Financial Statements and Supplementary Data" in our Annual Report on Form 10-K for the fiscal year ended January 3, 2016, filed with the SEC on March 2, 2016. Our MD&A includes the following sub-sections:

- Executive Summary;
- Overview of Operations;
- Results of Operations;
- Financial Condition, Liquidity and Capital Resources;
- Off-Balance Sheet Arrangements and Contractual Obligations;
- Critical Accounting Policies and Estimates;
- Recently Issued Accounting Guidance;
- Presentation of Non-GAAP Measures; and
- Cautionary Statement Regarding Forward-Looking Statements.

Executive Summary

We operate on a 52 or 53 week fiscal year that ends on the Sunday nearest to December 31. Each quarterly period has 13 weeks, except for a 53 week year when the fourth quarter has 14 weeks. Our fiscal year ending January 1, 2017 will consist of 52 weeks and our fiscal year ended January 3, 2016 consisted of 53 weeks. As a result of the 53 week fiscal year in 2015, our 2016 fiscal year began one calendar week later than our 2015 fiscal year. In order to provide useful information and to better analyze our business, we have provided below comparable store sales presented on both a fiscal week basis and calendar week basis. Comparable store sales growth on a calendar week basis compares the results for the period from January 4, 2016 through April 3, 2016 (weeks 1 through 13 of our 2016 fiscal year) to the results for the period from January 5, 2015 through April 5, 2015 (weeks 2 through 14 of our 2015 fiscal year). We believe comparable store sales growth calculated on a same calendar week basis is more indicative of the operating trends in our business. However, we also recognize that comparable store sales growth calculated on a fiscal week basis is a useful measure when analyzing year-over-year changes in our financial statements.

First Quarter 2016 Overview:

- Total revenues of \$274.3 million in the first quarter of 2016 compared to total revenues of \$265.5 million in the first quarter of 2015.
- Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization ("Adjusted EBITDA") was \$82.1 million for the first quarter of 2016 compared to \$80.7 million for the first quarter of 2015. For our definition of Adjusted EBITDA and a reconciliation of Net income to Adjusted EBITDA, see "Non-GAAP Financial Measures."
- Net income of \$17.9 million in the first quarter of 2016 compared to net income of \$14.7 million in the first quarter of 2015.

Overview of Operations

We currently operate and franchise family dining and entertainment centers under the names “Chuck E. Cheese’s” and “Peter Piper Pizza” in 47 states and 12 foreign countries and territories. Our stores provide our guests with a variety of family entertainment and dining alternatives. Our family leisure offerings include video games, skill games, rides, musical and comical shows and other attractions along with tokens, tickets and prizes for kids. Our wholesome family dining offerings are centered on made-to-order pizzas, salads, sandwiches, wings, appetizers, beverages and desserts.

(1) During the three months ended March 29, 2015, the number of new and closed Company owned stores included one store that was relocated.

Comparable store sales. We define “comparable store sales” as the sales for our domestic Company-owned stores that have been open for more than 18 months as of the beginning of each respective fiscal year or acquired stores we have operated for at least 12 months as of the beginning of fiscal year 2016. Comparable store sales is a key performance indicator used within our industry and is a critical factor when evaluating our performance, as it is indicative of acceptance of our strategic initiatives and local economic and consumer trends.

Revenues. Our primary source of revenues is sales at our Company-owned stores (“Company store sales”), which consist of the sale of food, beverages, game-play tokens, game play credits on game cards, and merchandise. A portion of our Company store sales are from sales of value-priced combination packages generally comprised of food, beverage and game tokens (“Package Deals”), which we promote through in-store menu pricing, our website and coupon offerings. We allocate the revenues recognized from the sale of our Package Deals and coupons between “Food and beverage sales” and “Entertainment and merchandise sales” based upon the price charged for each component when it is sold separately, or in limited circumstances, our best estimate of selling price if a component is not sold on a stand-alone basis, which we believe approximates each component’s fair value.

Food and beverage sales include all revenues recognized with respect to stand-alone food and beverage sales, as well as the portion of revenues allocated from Package Deals and coupons that relate to food and beverage sales. Entertainment and merchandise sales include all revenues recognized with respect to stand-alone game token sales, as well as a portion of revenues allocated from Package Deals and coupons that relate to entertainment and merchandise.

Franchise fees and royalties are another source of revenues. We earn monthly royalties from our franchisees based on a percentage of each franchise store’s sales. We also receive development and initial franchise fees to establish new franchised

[Table of Contents](#)

stores, as well as earn revenues from the sale of equipment and other items or services to franchisees. We recognize development and franchise fees as revenues when the franchise store has opened and we have substantially completed our obligations to the franchisee relating to the opening of a store.

Company store operating costs. Certain of our costs and expenses relate only to the operation of our Company-owned stores. These costs and expenses are listed and described below:

- Cost of food and beverage includes all direct costs of food, beverages and costs of related paper and birthday supplies, less rebates from suppliers;
- Cost of entertainment and merchandise includes all direct costs of prizes provided and merchandise sold to our customers, as well as the cost of tickets dispensed to customers;
- Labor expenses consist of salaries and wages, bonuses, related payroll taxes and benefits for store personnel;
- Depreciation and amortization includes expenses that are directly related to our Company-owned stores' property and equipment, including leasehold improvements, game and ride equipment, furniture, fixtures and other equipment;
- Rent expense includes lease costs for Company-owned stores, excluding common occupancy costs (e.g., common area maintenance ("CAM") charges and property taxes); and
- Other store operating expenses primarily include utilities, repair and maintenance costs, liability and property insurance, CAM charges, property taxes, credit card processing fees, licenses, preopening expenses, store asset disposal gains and losses and all other costs directly related to the operation of a store.

The "Cost of food and beverage" and "Cost of entertainment and merchandise" mentioned above exclude any allocation of (a) store employee payroll, related payroll taxes and benefit costs; (b) depreciation and amortization expense; (c) rent expense; and (d) other direct store operating expenses associated with the operation of our Company-owned stores. We believe that presenting store-level labor costs, depreciation and amortization expense, rent expense and other store operating expenses in the aggregate provides the most informative financial reporting presentation. Our rationale for excluding such costs is as follows:

- our store employees are trained to sell and attend to both our dining and entertainment operations. We believe it would be difficult and potentially misleading to allocate labor costs between "Food and beverage sales" and "Entertainment and merchandise sales"; and
- while certain assets are individually dedicated to either our food service operations or game activities, we also have significant capital investments in shared depreciating assets, such as leasehold improvements, point-of-sale systems and showroom fixtures. Therefore, we believe it would be difficult and potentially misleading to allocate depreciation and amortization expense or rent expense between "Food and beverage sales" and "Entertainment and merchandise sales."

"Cost of food and beverage" and "Cost of entertainment and merchandise," as a percentage of Company store sales, are influenced both by the cost of products and by the overall mix of our Package Deals and coupon offerings. "Entertainment and merchandise sales" have higher margins than "Food and beverage sales."

Advertising expense. Advertising expense includes production costs for television commercials, newspaper inserts, Internet advertising, coupons, media expenses for national and local advertising and consulting fees, partially offset by contributions from our franchisees.

General and administrative expenses. General and administrative expenses represent all costs associated with operating our corporate office, including regional and district management and corporate personnel payroll and benefits, depreciation and amortization of corporate assets, back-office support systems and other administrative costs not directly related to the operation of our Company-owned stores.

Adjusted EBITDA. We define Adjusted EBITDA as earnings before interest, income taxes, depreciation and amortization adjusted to exclude unusual items and other adjustments required or permitted in calculating covenant compliance under the indenture governing our senior notes and/or our Secured Credit Facilities (see discussion of our senior notes and Secured Credit Facilities under "Financial Condition, Liquidity and Capital Resources - Debt Financing"). Adjusted EBITDA is a measure used by management to evaluate our performance. Adjusted EBITDA provides additional information about certain trends, material non-cash items and unusual items that we do not expect to continue at the same level in the future, as well as other items.

Seasonality and Variation in Quarterly Results

Our operating results fluctuate seasonally due to the timing of school vacations, holidays and changing weather conditions. As a result, we typically generate higher sales volumes during the first quarter of each fiscal year. School operating

[Table of Contents](#)

schedules, holidays and weather conditions may affect sales volumes in some operating regions differently than others. Because of the seasonality of our business, results for any quarter are not necessarily indicative of the results that may be achieved for the full fiscal year.

Due to rounding, percentages presented in the table above may not sum to total. The percentage amounts for the components of Cost of food and beverage and the Cost of entertainment and merchandise may not sum to total due to the fact that Cost of food and beverage and Cost of entertainment and merchandise are expressed as a percentage of related Food and beverage and Entertainment and merchandise sales, as opposed to Total company store sales.

Three months ended April 3, 2016 Compared to the Three months ended March 29, 2015

Revenues

Company store sales increased \$8.5 million, or 3.2%, to \$269.8 million during the first quarter of 2016 compared to \$261.3 million during the first quarter of 2015. On a same calendar week basis comparable store sales increased 6.0%. We believe comparable store sales calculated on a same calendar week basis is more indicative of the operating trends in our business. On a fiscal week basis, comparable store sales increased 3.2% during the first quarter of 2016, primarily due to the effect of an additional operating week in our 2015 fiscal year, which caused the seasonally strong first week of the 2016 calendar year to shift into the fourth quarter of 2015. Company store sales were also impacted by approximately \$0.4 million of incremental deferred revenue as a result of the implementation of our proprietary card system, which we refer to as PlayPass.

Company Store Operating Costs

The cost of food, beverage, entertainment and merchandise, as a percentage of Total company store sales, was 14.6% in the first quarter of 2016 compared to 14.4% in the first quarter of 2015. The increase in the cost of food, beverage, entertainment and merchandise on a percentage basis in the first quarter of 2016 was impacted by an increase in the average price of cheese compared to the first quarter of 2015.

Labor expenses, as a percentage of Total company store sales, were 25.6% in the first quarter of 2016 compared to 25.7% in the first quarter of 2015. The decrease in labor expenses on a percentage basis in the first quarter of 2016 reflects improved labor management, as we were able to minimize additional labor hours required to serve the increased number of guests visiting our stores, offset by increases in minimum wage rates in certain states over the past year.

Depreciation and amortization expense was \$27.6 million in the first quarter of 2016 compared to \$29.2 million in the first quarter of 2015. The decrease in depreciation and amortization in the first quarter of 2016 is primarily due to higher depreciation expense during the first quarter of 2015 from certain property, plant and equipment assets that were assigned short useful lives from the acquisition method of accounting as a result of the Merger.

Other store operating expenses, as a percentage of Total company store sales, were 13.3% in the first quarter of 2016 compared to 12.8% in the first quarter of 2015, primarily due to an increase in self-insurance expense associated with general liability claims and an increase in credit card fees as a result of higher sales volumes.

Advertising Expense

Advertising expense increased from \$11.5 million in the first quarter of 2015 to \$13.1 million in the first quarter of 2016. As a percentage of Total revenues, advertising expense was 4.8% and 4.3%, respectively, for the first quarter of 2016 and the first quarter of 2015. The first quarter of 2016 reflects an increase in digital advertising, partially offset by a decrease in production costs in the first quarter of 2016.

General and Administrative Expenses

General and administrative expenses were \$18.0 million in the first quarter of 2016 compared to \$16.3 million in the first quarter of 2015. The increase in general and administrative expenses in the first quarter of 2016 is primarily due to an increase in professional fees primarily related to IT and other corporate initiatives and an increase in incentive compensation as a result of higher sales and profit performance.

Income Taxes

Our effective income tax rate was 38.8% for the first quarter of 2016 compared to an effective income tax rate of 45.8% for the first quarter of 2015. The effective income tax rate of 38.8% for the three months ended April 3, 2016 differs from the statutory rate primarily due to the favorable impact of employment related federal income tax credits partially offset by the impact of non-deductible litigation costs related to the Merger. Our effective income tax rate of 45.8% for the three months ended March 29, 2015 differs from the statutory rate primarily due to the unfavorable impact of non-deductible litigation and settlement costs related to the Merger, partially offset by benefits stemming from employment related income tax credits.

Financial Condition, Liquidity and Capital Resources

Overview of Liquidity

We finance our business activities through cash flows provided by our operations. The primary components of working capital are as follows:

- our store customers pay for their purchases in cash or credit cards at the time of the sale and the cash from these sales is typically received before our related accounts payable to suppliers and employee payroll becomes due;
- frequent inventory turnover results in a limited investment required in inventories; and
- our accounts payable are generally due within five to 30 days.

As a result of these factors, our requirement for working capital is not significant and we are able to operate with a net working capital deficit (current liabilities in excess of current assets).

Sources and Uses of Cash

The following tables present summarized consolidated cash flow information that we believe is helpful in evaluating our liquidity and capital resources as of and for the periods presented:

	Three Months Ended

Our cash and cash equivalents totaled \$70.0 million as of April 3, 2016. Cash and cash equivalents as of April 3, 2016 includes \$6.7 million of undistributed income from our Canadian subsidiary that we consider to be permanently invested.

Cash that is held by the Association and restricted for use in our advertising, entertainment and media funds was \$4.1 million as of April 3, 2016.

Sources and Uses of Cash - Three months ended April 3, 2016 Compared to the Three months ended March 29, 2015

Net cash provided by operating activities was \$43.8 million in the first quarter of 2016 compared to \$60.5 million in the first quarter of 2015. The reduction in net cash provided by operating activities is primarily due to the payment of a Merger related litigation settlement and fluctuations in our working capital.

Net cash used in investing activities was \$22.4 million in the first quarter of 2016 compared to \$16.9 million in the first quarter of 2015. Net cash used in investing activities in the first quarter of 2016 and the first quarter of 2015 relates primarily to store related capital expenditures.

Net cash used in financing activities was \$2.5 million in the first quarter of 2016 and \$2.4 million in the first quarter of 2015, relating primarily to principal payments on our term loan and other lease related obligations.

Debt Financing

Secured Credit Facilities

Our Secured Credit Facilities include a \$760.0 million term loan facility with a maturity date of February 14, 2021 (the “term loan facility”) and a \$150.0 million senior secured revolving credit facility with a maturity date of February 14, 2019, which includes a letter of credit sub-facility and a \$30.0 million swingline loan sub-facility (the “revolving credit facility”). The Secured Credit Facilities require scheduled quarterly payments on the term loan equal to 0.25% of the original principal amount of the term loan from July 2014 to December 2020, with the balance paid at maturity. As of both April 3, 2016 and January 3, 2016, we had no borrowings outstanding under the revolving credit facility, and we had \$10.9 million of letters of credit issued but undrawn under the facility. Effective April 8, 2016, the balance of our letters of credit issued but undrawn was reduced to \$9.9 million.

All borrowings under our revolving credit facility are subject to the satisfaction of customary conditions, including the absence of a default and the accuracy of representations and warranties.

Borrowings under the Secured Credit Facilities bear interest at a rate equal to, at our option, either (a) a London Interbank Offered Rate (“LIBOR”) determined by reference to the costs of funds for Eurodollar deposits for the interest period relevant to such borrowings, adjusted for certain additional costs, subject to a 1.00% floor in the case of term loans or (b) a base rate determined by reference to the highest of (i) the federal funds effective rate plus 0.50%; (ii) the prime rate of Deutsche Bank AG New York Branch; and (iii) the one-month adjusted LIBOR plus 1.00%; in each case plus an applicable margin. The base applicable margin is 3.25% with respect to LIBOR borrowings and 2.25% with respect to base rate borrowings under the term loan facility and base rate borrowings and swingline borrowings under the revolving credit facility. The applicable margin for borrowings under the term loan facility is subject to one step down from 3.25% to 3.00% based on our net first lien senior secured leverage ratio, and the applicable margin for borrowings under the revolving credit facility is subject to two step-downs from 3.25% to 3.00% and 2.75% based on our net first lien senior secured leverage ratio. During the three months ended April 3, 2016, the federal funds rate ranged from 0.25% to 0.38%, the prime rate was 3.25% and the one-month LIBOR ranged from 0.42% to 0.44%.

In addition to paying interest on outstanding principal under the Secured Credit Facilities, we are required to pay a commitment fee to the lenders under the revolving credit facility in respect to the unutilized commitments thereunder. The base applicable commitment fee rate under the revolving credit facility is 0.5% per annum and is subject to one step-down from 0.5% to 0.375% based on our first lien senior secured leverage ratio. We are also required to pay customary agency fees, as well as letter of credit participation fees computed at a rate per annum equal to the applicable margin for LIBOR rate borrowings on the dollar equivalent of the daily stated amount of outstanding letters of credit, plus such letter of credit issuer’s customary documentary and processing fees and charges and a fronting fee computed at a rate equal to 0.125% per annum on the daily stated amount of letter of credit.

As a result of a decrease in our net first lien senior secured leverage ratio reported for the period ending January 3, 2016, effective March 4, 2016, the applicable margin for borrowings under the term loan facility stepped down from 3.25% to 3.00%, the applicable margin for borrowings under the revolving credit facility stepped down from 3.25% to 3.00%, and the applicable commitment fee rate stepped down from 0.5% to 0.375%.

The weighted average effective interest rate incurred on our borrowings under our Secured Credit Facilities was 4.7% and 4.6% for the three months ended April 3, 2016 and March 29, 2015, respectively, which includes amortization of debt issuance costs related to our Secured Credit Facilities, amortization of our term loan facility original issue discount and commitment and other fees related to our Secured Credit Facilities.

Our revolving credit facility includes a springing financial maintenance covenant that requires our net first lien senior secured leverage ratio not to exceed 6.25 to 1.00 (the ratio of consolidated net debt secured by first-priority liens on the collateral to last twelve month’s EBITDA, as defined in the Senior Credit Facilities). The covenant will be tested quarterly if the revolving credit facility is more than 30% drawn (excluding outstanding letters of credit) and will be a condition to drawings under the revolving credit facility that would result in more than 30% drawn thereunder. As of April 3, 2016, there were no borrowings under the revolving credit facility; therefore, the springing financial maintenance covenant under our revolving credit facility was not in effect.

The Secured Credit Facilities also contain customary affirmative covenants and events of default, and the negative covenants limit our ability to, among other things: incur additional debt or issue certain preferred shares; create liens on certain assets; make certain loans or investments (including acquisitions); pay dividends on or make distributions in respect of our capital stock or make other restricted payments; consolidate, merge, sell or otherwise dispose of all or substantially all of our

[Table of Contents](#)

assets; sell assets; enter into certain transactions with our affiliates; enter into sale-leaseback transactions; change our lines of business; restrict dividends from our subsidiaries or restrict liens; change our fiscal year; and modify the terms of certain debt or organizational agreements.

All obligations under the Secured Credit Facilities are unconditionally guaranteed by Parent on a limited-recourse basis and each of our existing and future direct and indirect material, wholly-owned domestic subsidiaries, subject to certain exceptions. The obligations are secured by a pledge of our capital stock and substantially all of our assets and those of each subsidiary guarantor, including capital stock of the subsidiary guarantors and 65% of the capital stock of the first-tier foreign subsidiaries that are not subsidiary guarantors, in each case subject to exceptions. Such security interests will consist of a first priority lien with respect to the collateral.

Senior Unsecured Debt

Our senior unsecured debt consists of \$255.0 million aggregate principal amount borrowings of 8.000% Senior Notes due 2022 (the “senior notes”) bearing interest at a rate of 8.000% per year and maturing on February 15, 2022. The senior notes are registered under the Securities Act, do not bear legends restricting their transfer and are not entitled to registration rights under our registration rights agreement. On or after February 15, 2017, we may redeem some or all of the senior notes at certain redemption prices set forth in the indenture governing the senior notes (the “indenture”). Prior to February 15, 2017, we may redeem (i) up to 40% of the original aggregate principal amount of the senior notes with the net cash proceeds of one or more equity offerings at a price equal to 108% of the principal amount thereof, plus accrued and unpaid interest, or (ii) some or all of the notes at a price equal to 100% of the principal amount thereof, plus accrued and unpaid interest, plus the applicable “make-whole” premium set forth in the indenture.

We paid \$6.4 million in debt issuance costs related to the senior notes, which we capitalized in “Bank indebtedness and other long-term debt, net of deferred financing costs” on our Consolidated Balance Sheets. The deferred financing costs are amortized over the life of the senior notes and are included in “Interest expense” on our Consolidated Statements of Earnings.

Our obligations under the senior notes are fully and unconditionally guaranteed, jointly and severally, by our present and future direct and indirect wholly-owned material domestic subsidiaries that guarantee our Secured Credit Facilities.

The indenture contains restrictive covenants that limit our ability to, among other things: incur additional debt or issue certain preferred shares; create liens on certain assets; make certain loans or investments (including acquisitions); pay dividends on or make distributions in respect of our capital stock or make other restricted payments; consolidate, merge, sell or otherwise dispose of all or substantially all of our assets; sell assets; enter into certain transactions with our affiliates; and restrict dividends from our subsidiaries.

The weighted average effective interest rate incurred on borrowings under our senior notes was 8.3% for both the three months ended April 3, 2016 and March 29, 2015, which included amortization of debt issuance costs and other fees related to our senior notes.

Capital Expenditures

We intend to continue to focus our future capital expenditures on reinvestment into our existing Company-owned Chuck E. Cheese’s and PPP stores through various planned capital initiatives and the development or acquisition of additional Company-owned stores. During the first three months of 2016, we completed 73 game enhancements and one major remodel, and we opened one new domestic Company-owned Chuck E. Cheese’s store. We have funded and continue to fund our capital expenditures through existing cash flows from operations. Capital expenditures in the first three months of 2016 totaled approximately \$22.2 million.

[Table of Contents](#)

The following table reconciles the approximate total capital spend by initiative to our Consolidated Statements of Cash Flows for the periods presented:

	Three Months Ended	
	April 3, 2016	March 29, 2015
	(in thousands)	
Growth capital spend ⁽¹⁾	\$ 9,503	\$ 7,590
Maintenance capital spend ⁽²⁾	8,304	8,461
IT capital spend	4,365	230
Total Capital Spend	\$ 22,172	\$ 16,281

(1) Growth capital spend includes major remodels, store expansions, major attractions and new store development, including relocations and franchise acquisitions.

(2) Maintenance capital spend includes game enhancements, general store capital expenditures and corporate capital expenditures.

We currently estimate our capital expenditures in 2016 will total approximately \$105 million to \$115 million. These capital expenditures consist of the following: (i) approximately \$30 million for maintenance capital which includes game enhancements and general store maintenance capital expenditures; (ii) approximately \$10 million for investments in one-time information technology initiatives, (iii) approximately \$40 million to \$45 million for various growth initiatives, including new store openings and major remodels, and (iv) approximately \$25 million to \$30 million related to our PlayPass initiative. In addition we are re-evaluating our store design for Chuck E. Cheese's stores as a part of an effort to launch a new store prototype. We expect to fund our capital expenditures through cash flows from operations and existing cash on hand.

Off-Balance Sheet Arrangements and Contractual Obligations

As of April 3, 2016, we had no off-balance sheet financing arrangements as described in Regulation S-K Item 303(a)(4)(ii).

For information regarding our contractual obligations, refer to "Off Balance Sheet Arrangements and Contractual Obligations" in Part II, Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K for the fiscal year ended January 3, 2016, filed with the SEC on March 2, 2016.

See further discussion of our indebtedness and future debt obligations in "Financial Condition, Liquidity and Capital Resources - Debt Financing" of this report. There have been no other material changes to our contractual obligations since January 3, 2016.

Critical Accounting Policies and Estimates

Information with respect to our critical accounting policies and estimates, which we believe could have the most significant effect on our reported consolidated results and require difficult, subjective or complex judgment by management are described under "Critical Accounting Policies and Estimates" in Part II, Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations" in our Annual Report on Form 10-K for the fiscal year ended January 3, 2016, filed with the SEC on March 2, 2016. As of April 3, 2016, there has been no material change to the information concerning our critical accounting policies and estimates.

Recently Issued Accounting Guidance

Refer to Note 1 "Description of Business and Summary of Significant Accounting Policies" to our Consolidated Financial Statements included in Part I, Item 1. "Financial Statements" of this Periodic Report for a description of recently issued accounting guidance.

Non-GAAP Financial Measures

Adjusted EBITDA, a measure used by management to assess operating performance, is defined as Earnings Before Interest, Taxes, Depreciation and Amortization adjusted to exclude unusual items and other adjustments required or permitted in calculating covenant compliance under the indenture and/or the Secured Credit Facilities.

We have provided Adjusted EBITDA in this report because we believe it provides investors with additional information to measure our performance. We believe that the presentation of Adjusted EBITDA is appropriate to provide additional information to investors about certain material non-cash items and about unusual items that we do not expect to continue at the same level in the future, as well as other items. Further, we believe Adjusted EBITDA provides a meaningful measure of operating profitability because we use it for evaluating our business performance and understanding certain significant items.

Adjusted EBITDA is not a presentation made in accordance with GAAP, and our use of the term Adjusted EBITDA varies from others in our industry. Adjusted EBITDA should not be considered as an alternative to operating income or any other performance measures derived in accordance with GAAP as measures of operating performance, or cash flows as measures of liquidity. Adjusted EBITDA has important limitations as an analytical tool, and you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP. For example, Adjusted EBITDA:

- excludes certain tax payments that may represent a reduction in cash available to us;
- does not reflect any cash capital expenditure requirements for the assets being depreciated and amortized that may have to be replaced in the future;
- does not reflect changes in, or cash requirements for, our working capital needs;
- does not reflect the significant interest expense, or the cash requirements necessary to service interest or principal payments, on our indebtedness;
- does not include one-time expenditures;
- excludes the impairment of Company-owned stores or impairments of long-lived assets, and gains or losses upon disposal of property or equipment, and inventory obsolescence charges outside of the ordinary course of business;
- excludes non-cash equity based compensation expense;
- reflects the removal of the non-cash portion of rent expense relating to the impact of straight-line rent and the amortization of cash incentives and allowances received from landlords, plus the actual cash received from landlords incentives and allowances in the period;
- reflects franchise fees received on a cash basis post-acquisition;
- excludes the purchase accounting impact to unearned revenue at the time of the acquisition;
- excludes start-up and marketing costs incurred prior to the opening of new Company-owned stores;
- excludes non-recurring income and expenses primarily related to (i) non-recurring franchise fee income; (ii) severance costs; (iii) integration costs in connection with acquisitions; (iv) employee and other legal claims and settlements; (v) costs incurred in connection with the relocation of our corporate offices; (vi) actual cash landlord incentives received on our new corporate offices; (vii) sales and use tax refunds relating to prior periods; (viii) miscellaneous professional fees; and (ix) certain insurance recoveries relating to prior year expense;
- includes estimated cost savings, including some adjustments not permitted under Article 11 of Regulation S-X; and
- does not reflect the impact of earnings or charges resulting from matters that we, the initial purchasers of the senior notes, the current holders of the senior notes or the lenders under the Secured Credit Facilities may consider not to be indicative of our ongoing operations.

[Table of Contents](#)

Our definition of Adjusted EBITDA allows us to add back certain non-cash and non-recurring charges or costs that are deducted in calculating Net income. However, these are expenses that may recur, vary greatly and are difficult to predict. They can represent the effect of long-term strategies as opposed to short-term results. In addition, certain of these expenses can represent the reduction of cash that could be used for other corporate purposes. Because of these limitations, we rely primarily on our GAAP results and use Adjusted EBITDA only as supplemental information.

- (1) Relates primarily to (i) the impairment of Company-owned stores or impairments of long lived assets; (ii) gains or losses upon disposal of property or equipment; and (iii) inventory obsolescence charges outside of the ordinary course of business.
- (2) Represents non-cash equity-based compensation expense.
- (3) Represents (i) the removal of the non-cash portion of rent expense relating to the impact of straight-line rent and the amortization of cash incentives and allowances received from landlords, plus (ii) the actual cash received from landlords incentives and allowances in the period in which it was received.
- (4) Represents the actual cash received for franchise fees received in the period for post-acquisition franchise development agreements, which are not recorded as revenue until the franchise store is opened.
- (5) Represents revenue related to unearned gift cards and unearned franchise fees that were removed in purchase accounting, and therefore were not recorded as revenue.
- (6) Relates to start-up and marketing costs incurred prior to the opening of new Company-owned stores and generally consists of payroll, recruiting, training, supplies and rent incurred prior to store opening.
- (7) Represents non-recurring income and expenses primarily related to (i) transaction costs associated with the Merger, Sale Leaseback transaction and PPP acquisition; (ii) severance expense and executive termination benefits; (iii) integration costs in connection with the PPP acquisition; (iv) employee and other legal claims and settlements; (v) costs incurred in connection with the relocation of our corporate offices; (vi) actual cash landlord incentives received on our new corporate offices; (vii) sales and use tax refunds relating to prior periods; (viii) miscellaneous professional fees; and (ix) certain insurance recoveries relating to prior year expense.
- (8) Relates to estimated net cost savings primarily from (i) the change from public to private ownership upon the closing of the Acquisition and elimination of public equity securities, with reductions in investor relations activities, directors fees and certain legal and other securities and filing costs; (ii) the full-year effect of cost savings initiatives implemented by the Company in 2013; (iii) the estimated effect of cost savings following the Merger from participation in Sponsor-leveraged purchasing programs including various supplies, travel and communications purchasing categories; (iv) the net impact of labor savings associated with changes in management; (v) cost savings in connection with the relocation of the Company's corporate offices in 2015; (vi) labor savings associated with planned headcount reductions in 2015; (vii) estimated cost savings associated with the integration of PPP; (viii) the full-year effect of costs savings associated with upgrades to our telephone communication systems; and net of (ix) the estimated incremental costs associated with our new IT systems and post-closing insurance arrangements.

Cautionary Statement Regarding Forward-Looking Statements

Certain statements in this report, other than historical information, may be considered “forward-looking statements” within the meaning of the “safe harbor” provisions of the Private Securities Litigation Reform Act of 1995, and are subject to various risks, uncertainties and assumptions. Statements that are not historical in nature, and which may be identified by the use of words such as “may,” “should,” “could,” “believe,” “predict,” “potential,” “continue,” “plan,” “intend,” “expect,” “anticipate,” “future,” “project,” “estimate” and similar expressions (or the negative of such expressions) are forward-looking statements. Forward-looking statements are made based on management’s current expectations and beliefs concerning future events and, therefore, involve a number of assumptions, risks and uncertainties, including the risk factors described in Part I, Item 1A. “Risk Factors” of our Annual Report on Form 10-K for the fiscal year ended January 3, 2016, filed with the SEC on March 2, 2016. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may differ from those anticipated, estimated or expected. Factors that could cause actual results to differ materially from those contemplated by forward-looking statements include, but are not limited to:

- Negative publicity concerning food quality, health, general safety and other issues, and changes in consumer preferences;
- The success of our capital initiatives, including new store development and existing store evolution;
- Our ability to successfully implement our marketing strategy;
- Competition in both the restaurant and entertainment industries;
- Economic uncertainty and changes in consumer discretionary spending in the United States and Canada;
- Expansion in international markets;
- Our ability to generate sufficient cash flow to meet our debt service payments;
- Increases in food, labor and other operating costs;
- Disruptions of our information technology systems and technologies, including, but not limited to, data security breaches;
- Any disruption of our commodity distribution system;
- Our dependence on a limited number of suppliers for our games, rides, entertainment-related equipment, redemption prizes and merchandise;
- Product liability claims and product recalls;
- Government regulations;
- Litigation risks;
- Adverse effects of local conditions, natural disasters and other events;
- Fluctuations in our quarterly results of operations due to seasonality;
- Inadequate insurance coverage;
- Loss of certain key personnel;
- Our ability to adequately protect our trademarks or other proprietary rights;
- Risks in connection with owning and leasing real estate; and
- Our ability to successfully integrate the operations of companies we acquire.

The forward-looking statements made in this report relate only to events as of the date on which the statements are made in this report. Except as may be required by law, we undertake no obligation to update our forward-looking statements to reflect events and circumstances after the date on which the statements were made or to reflect the occurrence of unanticipated events.

ITEM 3. Quantitative and Qualitative Disclosures About Market Risk.

We are exposed to various types of market risk in the normal course of business, including the impact of interest rates, commodity price changes and foreign currency fluctuation.

Interest Rate Risk

We are exposed to market risk from changes in the variable interest rates related to borrowings from our Secured Credit Facilities. All of our borrowings outstanding under the Secured Credit Facilities as of April 3, 2016 of \$744.8 million accrue interest at variable rates. Assuming the revolving credit facility remains undrawn, each 1% change in assumed interest rates, excluding the impact of our 1% interest rate floor, would result in a \$7.5 million change in annual interest expense on indebtedness under the Secured Credit Facilities.

Commodity Price Risk

We are exposed to commodity price changes related to certain food products that we purchase, primarily related to the prices of cheese and dough, which can vary throughout the year due to changes in supply, demand, and other factors. We have not entered into any hedging arrangements to reduce our exposure to commodity price volatility associated with such commodity prices; however, we typically enter into short-term purchasing contracts, which may contain pricing arrangements designed to minimize the impact of commodity price fluctuations, and derivative instruments such as futures contracts to mitigate our exposure to commodity price fluctuations. For the three months ended April 3, 2016 and March 29, 2015, the average cost of a block of cheese was \$1.80 and \$1.66, respectively. The estimated increase in our food costs from a hypothetical 10% increase in the average cost of a block of cheese would have been \$0.4 million for both the three months ended April 3, 2016 and March 29, 2015. For the three months ended April 3, 2016 and March 29, 2015, the average cost of dough per pound was \$0.45 and \$0.49, respectively. The estimated increase in our food costs from a hypothetical 10% increase in the average cost of dough per pound would have been \$0.2 million for both the three months ended April 3, 2016 and March 29, 2015.

Foreign Currency Risk

We are exposed to foreign currency fluctuation risk associated with changes in the value of the Canadian dollar relative to the United States dollar as we operate a total of 12 Company-owned stores in Canada. For the three months ended April 3, 2016 our Canadian stores generated an operating income of \$0.1 million compared to our consolidated operating income of \$46.4 million.

Changes in the currency exchange rate result in cumulative translation adjustments and are included in “Accumulated other comprehensive income (loss)” on our Consolidated Balance Sheets and potentially result in transaction gains or losses, which are included in our earnings. The low and high currency exchange rates for a Canadian dollar into a United States dollar for the three months ended April 3, 2016 were \$0.685 and \$0.771, respectively. A hypothetical 10% devaluation in the average quoted U.S. dollar-equivalent of the Canadian dollar exchange rate during the three months ended April 3, 2016 would have decreased our reported consolidated operating results by less than \$0.1 million.

ITEM 4. Controls and Procedures.

Evaluation of Disclosure Controls and Procedures

We performed an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, as of the end of the period covered by this report. Based on that evaluation, our management, including our Chief Executive Officer and Chief Financial Officer, has concluded that our disclosure controls and procedures were effective as of April 3, 2016 to ensure that information required to be disclosed by us in the reports we file or submit under the Securities Exchange Act of 1934, as amended, was (a) recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission’s rules and forms; and (b) accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure.

Changes in Internal Control over Financial Reporting

During the quarterly period covered by this report there has been no change in our internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

ITEM 1. Legal Proceedings.

Refer to Note 7 “Commitments and Contingencies” to our Consolidated Financial Statements included in Part I, Item 1. “Financial Statements” of this Periodic Report for a discussion of our legal proceedings.

ITEM 1A. Risk Factors.

We believe there have been no material changes in our risk factors from those disclosed in Part I, Item 1A. “Risk Factors” in our Annual Report on Form 10-K for the year ended January 3, 2016, filed with the SEC on March 2, 2016.

ITEM 2. Unregistered Sales of Equity Securities and Use of Proceeds.

NONE.
